

Continuing in our Mission

I would like to acknowledge the many individuals who cannot pause - as much of the world has done - during this unprecedented time. Doctors, nurses, policemen, firemen, educators and many others who still get up every day and do what they do despite the challenges they are facing. I want to add to that group of special people the Direct Service Providers who continue to go to work, sometimes taking on extra shifts (despite rising anxieties, day care challenges and state mandated quarantines) to care for those that are unable to care for themselves! **Thank you to the dedicated staff of DSPs at New Concepts for Living, who now more than ever, are making a difference!**

We will get through this challenging period and we will be stronger because of it.
