

Dear Friend of NCFL:

At New Concept for Living (NCFL), we are dedicated to enriching the lives of individuals with intellectual and developmental disabilities (I/DD) through compassion, inclusion, and unwavering support. Every day, we witness the transformative power of our programs and services, and with your help, we can continue to expand our impact and reach even more individuals and families in need.

2024 was a remarkable year of growth and progress, and we are so excited to share the ongoing impact of New Concept for Living's (NCFL) state-of-the-art Achievement Center in Paramus, NJ. Since opening its doors last June, this remarkable facility has already begun transforming lives - and we aim to do even more!

The Achievement Center has become a beacon of hope and opportunity for the extraordinary adults with special needs entrusted to our care. With specialized programs designed for individuals with a wide range of needs, the Center empowers adults living with I/DD to thrive. From occupational, speech, and physical therapy to life skills and prevocational training, our innovative programs offer individuals the chance to reach their fullest potential.

Equally important, families gain peace of mind knowing their loved ones are receiving the highest quality care in a safe, nurturing environment.

Looking ahead, our focus is on *expanding the reach and impact* of the Achievement Center as well as our community residences. The demand for our services continues to grow rapidly, especially as more children with special needs transition into adulthood. We have the capacity to serve many more individuals - but to do so, **we need your support.**

With your help, we can continue to grow in the years to come:

- **Expand our programming** at the Achievement Center, offering new therapies, technologies, and enrichment activities.
- **Open 3 - 4 new Community Residences** annually, helping address the critical housing shortage for adults with I/DD and the over 300 individuals on our waitlist.
